POLYURETHANE BASED THINNER

DATE 19.07.2023

REV. DATE:01.01.2025 REV:02

1 DECSRIPTION

SEMSOL TN 100, is a diluting material of polyurethane liquid membrane systems. It is used for thinning of polyurethane liquid products for spray applications and cleanaing of application equipments.

2 ADVANTAGES

It is used as a thinner for solvent polyurethane systems. It is not used as a thinner in solvent-free polyurethane systems, only for cleaning. Provides excellent drying of thinned products. Improves the final appearance of the product after drying.

3 USES

It is used in the mixture ratios specified in the technical bulletin or label information of the product to be used.

4 TECHNICAL SPECIFICATIONS

QUALIFICATIONS	FEATURES	METHODS
Color	Transparent	-
Density	0,86-0,90 g/ml	ASTM D1475 / DIN 53217 / ISO 2811, @ 20°C
Flash Point	24,5	ASTM D 93

5 STORAGE AND SHELF LIFE

Can be kept for minimum 12 months in the original unopened pails in dry places and at temperatures of 5-25 oC. Once a pail has been opened, use as soon as possible.

PACKAGING : 15 Lt in metal buckets

6 PRECUATIONS

Flammable and explosion products should be kept away during the application. Protective gloves and masks should be used for hands and eyes during application. The product should be used in well ventilated environments.If the material comes into contact with eyes, it should be washed immediately with sicient water. Childrens should kept away from the product. For more detailed information, ask for the Safety Data Sheet (MSDS).

The technical data and application methods given above are presented as a result of tests and applications carried out within the company. Considering that the conditions depending on the ground, weather conditions and humidity may vary during the application of the products, detailed examination and purposeful applications should be decided after examination by authorized persons in order to understand whether they will meet the special requirements and purposes before each application. The correct application of our products is your sole responsibility and liability. We will provide products with continuity and consistent quality under our general terms of sale and delivery. Users are responsible for compliance with local laws, the environment and obtaining permits from the necessary authorities. The new edition of the technical data sheet supersedes the previous edition. Ask your authorized sales representative for the current edition.
